Hi Michael,

Here's an update on the status of the Division's review of the Notice for your proposed Snake Valley small mine. Since we are waiting for concurrence on the reclamation surety amount from SITLA, our drafted tentative approval letter requiring the reclamation surety has not yet been finalized, but I needed to respond to update you on where we are. You should receive the finalized and formal letter in the next week or so. Let me know if you have questions. Thanks.

Peter
